## AXESS Logistics Enhances Presence in Stockholm with Cutting-Edge Center in Rosersberg

AXESS Logistics is proud to announce the expansion of its services with the introduction of an advanced workshop and terminal facility in Rosersberg, just outside Stockholm. This state-of-the-art site will feature the latest technology to ensure high capacity and superior quality.

Our goal is to **improve conversion and PDI services**, advanced bodywork, and remarketing services for fleet, company, and passenger cars to our customer base. By optimizing the logistics chain from port to delivery, we aim to deliver faster, more flexible solutions that meet our client's demands for quality and time savings. The site is set to be operational by the end of the year.

CCO Magnus Karlsson: *"With this significant investment, the Stockholm region will benefit from a top-tier conversion center that caters to our customers and provides them access to AXESS's robust logistics network."*

CEO Mats Eriksson: *"Our strategic location, just meters from the E4 highway and the railway, will enable seamless land and train transport connections, making our facility a crucial hub for our transport operations."*
